

IDENTIFYING THE MYSTERIOUS “ABOMINATION OF DESOLATION” OF DANIEL 11 & MATTHEW 24

As seen in the Emotions Frequencies Chart, two types of zombies:

- 1) **Type 1 ACZB-PAD.** That is, Aggressive Criminal Zombie Behavior = PAD (Pride-Anger-Desire) which if their volume is aggravated by frequencies coming from WiVax (Wifi + Vaccines) can trigger or stimulate the mental temperament of **pride** to worsen into abusive offensive arrogance, will make **anger** severe into merciless hate and hatred leading to the crime of MURDER, and negativize **desire** into lust and greed leading to the crime of RAPE of women or rape of the Mother Earth (e.g., destructive mining operation) for lust of her gold and other natural resources. Murder and rape are the two most common heinous crimes (abomination) that men commit under abnormal mental state, such as under the influence of shabu, cocaine, heroine, opioids (anti-ADHD and anti-depression prescription drugs), and vaccines whose common ingredients are the **radio-active particles** (RAPs) such as aluminum, lead, mercury, and other toxic soft metals or in the case of vaccines, the **radio-active devices** (RADs) otherwise known as micro-chips, nano-robots, nano-chips, smart dust... which are made from RAPs.
- 2) **Type 2 DSZB-FGAGS/PTSD** or Depressive Suicidal Zombie Behavior = Fear-Grief-Apathy-Guilt-Shame which the medical industry calls Post-Traumatic Stress Disorder. While Type 1 zombie

leads to **MURDER & RAPE** which is abuse/ offence/ crime or destruction of others, Type 2 zombie leads to **SUICIDE** which is destruction of self.

SPECIAL NOTE: In the human body, Type 1 ACZB-PAD is the biblical abomination while Type 2 DSZB-FGAGS/PTSD is the desolation

Cases, witnesses, proofs and evidence:

1. 1 million US soldiers (marine, army, air force) deployed to Iqari war from 2003-2011 (8 years). All were (a) mind-pre-conditioned to computer war games and internet porno; (c) vaccinated with RAPs/ RADs; (c) most were habitual users of cocaine/ heroine and similar drugs which contains RAPs; and (d) remotely controlled by WiFi / HAARP being beambarded (beamed + bombarded) by specific frequencies of PAD (175 hertz for Pride; 150 hertz for Anger & 125 hertz for Desire or Lust). During the 11-year war, they became Type 1 ACZB-PAD. Right after committing the crimes of rape and murders, or more intensely after the war, as home-come young veterans, the Holy Spirit as haunting ghost or as persecuting Conscience never stops chasing them and so their previous superior attitude of PAD suddenly disappear, FGAGS replaces and so they almost instantly transform from Type 1 ACZB-PAD into Type 2 DSZB=FGAGS/PTSD. These 1 million wivaxxed US veterans are now suffering Type 2 DSZB=FGAGS/PTSD to the end that 22 of them commit suicide everyday! Monitor this by viewing YouTube videos on PTSD and US veterans.
2. Drug addicts in the loose communities, cities and streets, and scattered all across the country suffering mental stress or nervous breakdown increasingly turning into Type 1 ACZB-PAD and then turning into Type 2 DSZB-FGAGS/PTSD.
3. The wivaxxed all across the country suffering mental stress or nervous breakdown increasingly turning into **Type 1 ACZB-PAD** and then turning into **Type 2 DSZB-FGAGS/PTSD**.
4. Patients treated or injected by opioids (anti ADHD, anti-depression drugs) all across the country suffering mental stress or nervous breakdown increasingly turning into Type 1 ACZB-PAD and then turning into Type 2 DSZB-FGAGS/PTSD.
5. You!... if you are bombarded by WiFi even if not vaccinated...if you allow yourself to subscribe to PAD and/ or FGAGS.

Solutions:

- (a) No to vaccine as it welcomes and even sips mind-attitude-altering frequencies from the WiFi towers;
- (b) no to negative attitude esp PAD & FGAGS,
- (c) always maintain/ don positive attitude esp listed in the Emotions Frequencies Chart such as Love (for Self, for God & neighbor), Joy, Peace and Enlightenment;
- (d) stay far from the HAARP/ WiFi tower range or if you are in power to do so, remove all WiFi towers like they did in Peru.
- (e) Do this offensive: Using your mind and heart, tap or access unlimited supply, direct from God-Christ, the positive attitudes especially of Love, Joy and Peace & Enlightenment (LJPE) to shield yourself from incoming PAD-FGAGS and at the same time, yourself to emit the positive vibes (vibrations-frequencies) of LJPE.

Question: God-Christ being source of pure attitudes of love and divine wisdom, is not and cannot be a direct source of PAD (pride-anger-desire of lust) and FGAGS (fear-grief-apathy-guilt & shame); so where did men get PAD and FGAGS? Where did PAD and FGAGS originate or were generated?

Answer:

PAD can come from the following sources:

- 1) OTHER HUMANS. Projected or passed by other minds-hearts such as from other negative human beings;
- 2) SPIRIT BEINGS. From evil spirits we call devils or demons;
- 3) OURSELVES, that is, generated or originated in our own mind-heart: the root cause is the lie that we are separate and not part of God and Creation, that there is no connection between us, hence, they are or can be our enemies or to be treated as threat and as enemies! This wrong assumption leads to our mind-heart inventing or manufacturing the destructive attitude of PAD (pride, anger, and desire of lust and greed).
- 4) Now a new source: HAARP or WiFi towers. WiFi towers can tap from the electromagnetic field the two energies, mental and emotional energies and repack them in amount or frequencies and/ or order which are detrimental to the mind, heart and body of human beings, and other creations including the plants and animals. The harmful amount or frequencies include the following: 175 hertz which fans and intensifies the bad attitude of pride; 150 hertz which fans and intensifies the bad attitude of anger into hate and hatred leading to **murder**; 125 hertz which fans and intensifies the bad attitude of desire into lust and greed leading to **rape** of humans and mother Earth.

PAD is invented, generated, originated, produced and manufactured inside the mind-heart of man.

How and why? What is the process and what is the purpose?

The process involves the indoctrination or mis-educating of the mind about the destructive lie or teaching of separation where we are shown the proof of separation such as the separate external bodies that we have, separate homes, separate places of dwellings, separate thinking, separate feeling, separate families, etc. which is true (that is, external separation is a reality) but they remove from our knowledge (they denied us the information about) the other parallel truth about the internal oneness of all of us including our Creator (that is, the connection and oneness of the Creator and all His Creation) where we are all connected at the sub-atomic level, that is, deeper than the atom, and in its neutrons, protons and electrons, there are two energies known to us as emotional (love energy) and mental (light-wisdom) or as emotion and thought waves... where the emotion waves-energy is also called the negative-feminine energy while the thought waves-energy is called the positive-masculine energy filling all space in the spiritual world, that is, outside the material cosmos as well as inside it (physical cosmos), by entering its bodies (which are the material suns, planets, moons, plants, animals, humans and other physical creation) as photons and electrons or atoms.

Inside man, the human brain-mind and heart-spirit is capable of generating or producing or manufacturing the harmful negative attitudes of PAD and FGAGS where: (a) the P in PAD advances to cruel arrogance and A into merciless hate and hatred leading to **murder** while (b) the D of PAD turns to

lust and greed leading to the **rape** of women and **rape** of mother earth's environment and natural resources especially in the form of destructive mining operation.

These heinous crimes of rapes and murders constitute the inner abomination – the abominable sin – the most wicked offense.

The resulting borderless desolation or devastating destruction includes: (1) the effects of rapes and murders on the victims and their relatives, both physical and (mental-emotional) spiritual effects and (2) the effects to the mind and heart and body of the offender/abuser / criminal/ victimizer, namely: FGAGS, then, leading to his own suicide.

This is the biblical “abomination of desolation” where the “abomination” refers to the cause while the “desolation” (devastation) refers to the effects.

This is the inner abomination of desolation... done on man or human beings.

The outer or external abomination of desolation is done on mother Earth... her environment and natural resources. The leading cause (or abomination) is HAARP aka WiFi towers which is capable of tapping or harnessing or using the electromagnetic field (negative and positive energies) to either create/originate its own mega-magnitude and super-intense earthquakes, hurricanes, typhoons, El Nino-drought, La Nina-floods, volcano eruptions, and all other kinds of weather anomalies or to worsen a natural one originally produced by Mother Earth.

Left on her own, Mother Earth produces earth quakes, storms or volcano eruptions on milder and less destructive magnitude because her purpose is only to detox herself. But once ridden on or occupied by HAARP, these otherwise mild weather would turn into mega and super destructive catastrophes, samples of them are already raging all over the world!

CONCLUSION:

Two types of “abomination (cause) of desolation (effect)”:

1. External done on mother Earth. Main tool of abomination: the HAARP or WiFi towers. What constitute the “desolation” are the effect or the aftermath, that is, the vast devastations after the earthquake, mega-hurricanes, super-typhoons, volcano eruptions, El Nino- drought-wildfires, La Nina- floods, where both water and fire play a big role.
2. Internal or inner abomination inside man, namely: PAD with its murders and rapes as the abomination or offender while the FGAGS with its suicides is the resulting desolation.

This is the mystery of “abomination of desolation” in Daniel 11 & Matthew 24 decoded.
